MYSORE LEGISLATIVE ASSEMBLY

Budget Session, March-April 1951.

Report of the Select Committee on the Mysore Livestock Improvement Bill 1951.

(*Presented on 16th March 1951*).

We, the members of the Select Committee to which the Mysore Livestock Improvement Bill 1951 was referred, have considered the Bill in detail and have the honour to submit this our report.

Clause 2.—As there is a shortage of buffalo-bulls and there is no need at present to apply the provisions of this Act to buffalo-bulls, we recommended that items (a) and (b) of Clause 2 which seek to include within the definition of 'bull' a buffalo-bull and within the definition of 'cow' a buffalo-cow may be deleted.

Clause 4 (1).—As this sub-clause itself states that the eruption of two central incisor teeth is the test for a bull having attained age, we consider it unnecessary to provide for this matter by rules. We therefore recommend that for the words "prescribed age" the word "age" may be substituted.

We are of the opinion that a license should be obtained only in the case of bulls which are kept for the purpose of serving cows. We accordingly recommend that after the words "the two central incisor teeth" the words "for the purpose of serving cows" may be inserted.

We also recommend that the words at the end of this sub-clause "unless it is certified by the prescribed officer that the bull has been effectively castrated by a method and in a manner approved by the Director" may be deleted as, in our opinion, the provision of this clause should be limited only to the obtaining of license for bulls kept for the purpose of serving cows.

Clause 4 (2).—We are of the opinion that the officer competent to grant a license should not be below the rank of Veterinary Inspector. We therefore recommend that in this sub-clause, after the words "officer or person", the words "not below the rank of Veterinary Inspector" may be added.

Clause 5.—We are of the opinion that where a license has been granted or revoked under sub-clause (1) or sub-clause (2) and the licensing officer happens to be an authority other than the Director, an appeal should lie to the Director. We accordingly recommend that after sub-clause (3), the following sub-clause may be added and the present sub-clause (4) may be re-numbered as sub-clause (5).—

> "(4).—Where the officer or person refusing to grant or revoking a license under sub-clause (1) or sub-clause (2) is not the Director, an appeal shall lie against such order to the Director."

Clause 8.—We are of opinion that the inspection of a bull under this clause should be only at the place where the bull is kept and that it should not be required to be produced for inspection elsewhere. We accordingly recommend that the word "either" and the words "or at any other reasonable place specified in the order" may be deleted.

Clause 9 (1).—Consequential on the change recommended in sub-clause (1) of Clause 4, we recommend that for the words "which in his opinion has attained the prescribed age" the words "required to be licensed under Section 4" may be substituted.

We are of the opinion that under the provisions of this sub-clause it should be sufficient if the bull has been effectively castrated and that the method and manner of such castration need not be subject to approval by the Director or specified in the order. We accordingly

recommend that for the word "castrated" the words "effectively castrated" may be substituted and that the words "by a method and in a manner approved by the Director and specified in the order" may be deleted.

We are of the opinion that the period of time specified for such castration is too short and we accordingly recommend that for the words "one month" the words "three months" may be substituted.

Clause 10.—We recommend that this clause may be omitted and the remaining clauses re-numbered suitably.

Clause 11 (re-numbered as 10).—As almost all the areas in Mysore are served by officers of the Veterinary Department, we consider it sufficient, if the power to require the production of licenses is confined to officers of the Animal Husbandry Department. We accordingly recommend that in item (*a*) the words "or an officer of the Agricultural Department not below the rank of an Agricultural Inspector or an officer of the Revenue Department not below the rank of a Revenue Inspector, or such other officer as may be authorised in this behalf by the State Government by general or special order" may be omitted.

Clause 13 (1) [re-numbered as 12 (1)].—We recommend that the words "to submit it for inspection, or" and the words and letter "section 8 or" may be deleted.

Clause 13 (2) (*a*) [re-numbered as 12 (2) (a)].—Consequential on the amendment proposed to clause 4 (1) we recommend that for the words "has attained the prescribed age" the words "has attained the age specified in section 4" may be substituted.

Clause 15 (re-numbered as 14).—We consider it unnecessary to cast a duty under this statute on officers to give information about intention or preparation and we accordingly recommend that in item (*a*) the words "or of the intention or preparation to commit any offence" may be omitted.

Clause 22 (2) [re-numbered as 21 (2)].—As the intention underlying this sub-clause is to make its provisions applicable to bulls specified in sub-clause (1), we recommend that this sub-clause may be recast as follows:—

"(2). If the licensing officer is of opinion that any such bull as is referred to in sub-section (1)

is of the description set out in sub-clause (*a*); or sub-clause (*b*) or sub-clause (*c*) of sub-section (1) of Section 5, he may cause such bull to be effectively castrated by a method and in a manner approved by the Direct or cause such bull to be removed to a prescribed place."

We are of the opinion that before the provisions of this measure are extended to any area, the opinion of the local body functioning in that area about the availability of a sufficient number of breeding bulls of approved quality to serve the needs of that area should be obtained and that the Government should also be satisfied that the needs of that area in this respect has been or will be met either by bulls maintained by Government or by local bodies or by private individuals.

The Bill was published in the *Mysore Gazette* Extraordinary, dated 12th January 1951.

In our opinion the Bill has not been so altered as to require republication.
